## OUR MISSION

Since 1992, our mission has been to support mental health professionals in the community including but not limited to Glendale, Burbank, Pasadena, Los Feliz, Silverlake, La Crescenta, and La Canada Flintridge, to advance professional development and practice development within the mental health community through networking and continuing education, and to promote public awareness about mental health in the general public and allied professions. We offer equal membership to all licensed mental health professionals regardless of discipline. We are an interest group only, do not credential our members in any way, and do not provide referrals to the community. We are not a profit-making organization. GAMHPA is not affiliated with or a chapter of any other organization.

April 2021

Dear Reader:

We are pleased to be delivering to you today the 2021 Edition of the Glendale Area Mental Health Professionals Association Member Directory. This twenty-ninth annual edition may be the most comprehensive database available of local mental health professionals.

The Glendale Area Mental Health Professionals Association (GAMHPA) is an organization of licensed mental health professionals of all disciplines in clinical practice as well as allied professionals, students, and interns, in Glendale and neighboring communities. GAMHPA was founded in 1992 with the mission of advancing professional development through networking, continuing education, and promoting public awareness about mental health. GAMHPA is not a profit-making organization.

If you are not yet a member or have allowed your membership to lapse, an application and renewal form is included at the back of this directory. Please see the list of member benefits in this directory.

Best regards,

James De Santis, Ph.D.  
President

# Why Join GAMHPA?

Many of our Newsletter readers and Membership Directory recipients believe they are members of GAMHPA when they are not. In fact, 90% of our readership are not members. If you have not completed an application or renewal and have not paid dues annually, then you are not a member. Only members receive the following additional benefits.

---

Publications	Directories with member names and practice information are published annually, placed on the desktops of potential referrers in the community. Newsletters with member advertising and articles are circulated quarterly to over 2,350 readers in the local professional community.
Advertising	Classified ads for groups, services, and office space are free to members. Members receive discounts for newsletter display advertising, and mailing list address labels.
Visibility	Members can publish articles in the newsletter on professional topics to gain collegial exposure and respect. Members may present a talk to colleagues on a professional topic, advertised as an association program event.
CEUs	Reduced rates to members for local continuing education units applicable toward professional licensure renewal with the BBS (CEUs not currently available for psychologists).
Multidisciplinary	Equal membership is offered to all licensed mental health professionals regardless of discipline, reflecting real patterns of professional referral in the community.
Local	A geographically local membership base reflects how most client referrals are local.
Inexpensive	Membership dues are lower than most professional associations. Dues have not increased since 2002—just \$60 per year for licensed mental health professionals, \$35 for students, interns, and allied professionals, \$125 for organizations.

---

For a membership application form or to renew your expired membership, call GAMHPA at (818) 771-7680 or visit [GAMHPA.org](http://GAMHPA.org).
